Nov. 30, 2020

Dear SFN Citizens

I hope you are all staying safe and healthy during the second wave of COVID-19. As we've recently seen the number Yukon cases rise, each Citizen must do their part to limit the spread of the virus.

It's time to reset our behaviours and renew our commitment by practicing the [Safe 6]() by social distancing at least 6 feet (2 meters) and wearing a mask.

Starting December 1, 2020, masks will be mandatory in all indoor public spaces for everyone over 2 years old. Please continue to wash your hands often. Anyone with symptoms should immediately self-isolate and arrange for a COVID-19 test at the community health center by calling 867-537-4444. For up to date information on COVID-119 visit the Government of Yukon website https://yukon.ca/.

The holidays are almost here. Christmas is a time for love and celebration of family and friends. This year take extra care of your loved ones [Practise the Safe 6](). Avoid travel whenever possible. Keep your social bubble to 15 people or less and indoor gatherings to no more than 10 people and **wear a mask**.

We can all do our part by respecting personal space, wearing a mask and washing hands. Together we can keep our community safe and healthy. I believe in our ability to stay strong through this challenging time.

Mussi Cho,

Chief Darin Isaac
