

Employment Opportunity Selkirk First Nation

Position: Water Plant Operator Trainee

Department: Capital

Status: Permanent Part-time (Tuesday, Wednesday, Thursday)

Closing Date: October 25, 2018

Job Summary

The Small Water Distribution Treatment Plant Operator is responsible for the water plant in order to ensure that residents have safe and clean water in accordance with federal, territorial legislation, policies and standards.

Reporting to the Capital Director, the Small Water Distribution Treatment Plant Operator maintains the water plant. This includes maintaining the water plant and facilities to ensure the delivery of safe and clean water to the community.

Education and Experience:

The Small Water Distribution Treatment Plant Operator will attain the required knowledge and skills through completion of the Environmental Operators Certification Program (EOCP) for Small Water Plant Operators combined with related experience. **Training will be provided to receive certification. Due to the complexity of this position and the requirements, it will take up to 1 year to get fully certified**

Conditions of Employment

- Pass the Environmental Operators Certification Program for Small Water Plant Operators (Training Provided)
- Class 5 Drivers License
- Willingness to receive additional training
- Confidentiality Oath
- Intoxicants Oath
