

Employment Opportunity Selkirk First Nation

Position: Water Truck Operator

Department: Capital

Status: Permanent, Part-Time (Mondays and Fridays)

Closing Date: October 25, 2018

Job Summary

Reporting to the Capital Director, the Water Truck operator is responsible for Local Water Delivery, Water Sampling and the installation and testing of water pumps and well systems.

Main Duties

- Deliver water to residential homes twice a week, usually on Mondays and Fridays
- Report contaminated water and/or tanks immediately to supervisor
- Take water samples, test and record results of water samples in log book
- Test chlorine levels every water delivery day – 2 samples – water truck and water tanks, record results in a log book
- Perform annual checks on water pumps for leaks and ensure operating properly
- Install and test water pumps as needed
- Install and test well systems as needed
- Investigate any concerns residents may have about their water
- Performs basic maintenance on equipment and truck
- Clean truck holding tank at least twice a year or as requested

Education and Experience

- Grade 10 education with certification in Bulk Water Delivery (EOCP).
- Class 3 with Air Brakes is required
- Must be willing to train on an ongoing basis.

For further information contact Darcy Marcotte, Director of Capital.

Please submit application/resume to Reception.
